## SKILLS

- Organized
- Leadership
- Teamwork
- Problem Solver
- Communication

## VOLUNTEER ACTIVITIES

Girl Scouts: sold girl scout cookies, made gifts at Christmas for the needy, made sandwiches for the homeless, etc. In college volunteered as a driver for the safe rides program.  Later I volunteered for the American Heart Association: distributed donation envelopes to my neighborhood, collected the donations and returned them. Another volunteer activity we did as a family was to set up a lemonade stand and sold lemonade with the proceeds from this going to Cure Autism Now.
